The Library Trustees are grateful for the gift of money and of nice books which have been given during the year 1948 by patrons and friends. These gifts are of material assistance in supplementing the new books that the Library is able to purchase each year. The Trustees have endeavored to cooperate with the Town in keeping the annual appropriation within reasonable bounds and still be able to maintain the Library's primary functions at an efficient level.

CEMETERY DEPARTMENT

Despite the handicap of a wet spring, dry fall and continued labor shortage more than usual progress has been made this year. Reference to the financial report will indicate to some extent the scope of accomplishment.

Through the generosity of a friend interested in

TOWN OF SANDWICH

the Grove Cemetery all headstones and curbings needing attention were straightened, repaired or reset. Partial resurfacing of part of the cemetery was done. Completion of this work and seeding is to be finished this spring. The fence and gates were repaired and painted. These improvements combined with better maintenance will greatly improve the appearance of Grove Cemetery.

Considerable progress was made in and around the Elm Hill Cemetery. This cemetery is now surveyed and various sized lots available for purchase. The Trustees have maps, showing locations and prices and will be glad to talk with anyone who is interested in securing a lot.

Report of the Forest Fire Warden

We have a good fire record — of losses, if not of costs — to enter into the books this year. The weather through to July was favorable but it certainly changed afterward. Dry, hot weather was the rule and fire danger rose. Fearing the possibility of another catastrophic fire period not unlike October's in 1947, the proclamation of a woods "ban" by the Governor was widely deemed advisable and the closure went into effect on September 16, lasting until October 9. Happily, an alert public, a good fire control system and a kindly Providence combined to keep damage low. In quite a few cases, however, fire fighting costs were very high but, perhaps, not unreasonably so considering the drought. On the whole, it can be said that while we had a goodly number of fires — 488 — the 2,600 acres burned represented a total well below normal figures.

It is again time to take stock of our fire fighting facilities for 1949, and to be sure they are adequate. To this end town fire plans and training programs for wardens, deputies and other key men in each district are being arranged or are in progress. Desirable legislation is being introduced to improve the service.

The state will continue to sell tools to the towns at one-half their cost. Good equipment is important.

Again this year wardens are requested not to issue burning permits except on rainy days. This is one of the best means of assuring such fires from getting out of control. Be sure to get a permit for any fire in or near woodlands when the ground is free from snow. An ounce of prevention is worth more than a pound of cure.

Remember only YOU can Prevent Forest Fires!

1948 fire record:

Number of fires	3
Area burned	1.75 Acres
Number permits issued	46

Annual Report of Sandwich Chapter American Red Cross

The 1948 activities of the Sandwich Chapter of the American Red Cross were chiefly centered upon water-safety and accident prevention. Under its charter from national headquarters, our local chapter is required to administer programs of necessary disaster relief and home service aid for veterans and service men. In addition, the local chapter may adopt such programs as local needs require, subject to approval of national headquarters.

It was believed by the chapter board of directors that the greatest local need lay in the field of accident prevention with particular reference to water safety, in view of the crowded condition at the Squam Lake beach. Accordingly, with the approval and cooperation of national headquarters, a water-safety program was launched under the chairmanship of Reuben Hodge.

The chapter was fortunate in obtaining the services of Garrett Moses, who was sent to the Red Cross Equatic School on Cape Cod and who, during July and August, functioned as Red Cross swimming instructor at the beach. He had all of the student swimmers he could possibly handle. Various items of safety equipment were provided, including a row-boat for life-saving purposes donated by Daphne and W. H. Metcalf. The Sandwich Athletic Club (now the Sandwich Community Association) and the Town Selectmen cooperated in keeping the beach and swimming equipment in repair and the beach clean of broken glass and rubbish.

If receipts are sufficient during the annual drive in March, 1949, it is hoped the swimming instruction program can be continued during the coming summer.

Through the courtesy of Laurence Blumberg, the Red Cross secured transportation for certain children to the public health clinics held at Town Hall.

TOWN OF SANDWICH

During the annual membership drive conducted in March, 1948, under the very able chairmanship of Mrs. Deborah Reed, a total of 153 members were obtained for the local chapter, with contributions totalling \$672.97, of which \$282.37 went to national headquarters and \$390.60 remained with the local Sandwich chapter.

The following is the annual report of the school nurse for the past year.

School visits	124
Home visits	106
Pupils inspected	125

Dr. Quinby did the physical examinations in all of the Sandwich schools, including Quimby School, this fall. Result of examinations:

Defective teeth	48
Defective vision	15
Enlarged tonsils	5
Enlarged glands	4
Cardiac condition	1

Transportation was furnished for the following pupils: 13 pupils to dental clinics with Dr. Deneault in Meredith; 1 pupil for tonsilectomy at Laconia Hospital; 1 pupil to have eyes refracted by Dr. Hunter in Dover; 1 pupil to have eyes refracted by Dr. Hernandez in Laconia.

Tuberculosis skin test clinic sponsored by the New Hampshire Tuberculosis Association was held in all of the schools in January. 108 pupils took advantage of this clinic which was followed by two chest x-ray

clinics. The first of these was held February 12, when Dr. Kerr was in attendance with 65 chest x-ray pictures taken. The second clinic was held March 25, when 49 chest x-ray pictures were taken.

We were fortunate in procuring Miss Elsbeth O'Brien, dental hygienist of the New Hampshire Dental Trailer, for the week of June 21st. The dental equipment was set up at Quimby School. She did examinations and cleanings on 39 pupils of the first six grades. The dental trailer remained after Sandwich Fair from October 12th to October 29th, with Dr. Schohan and Miss O'Brien. All of the pupils through the first six grades had their teeth examined and fluorine treatment, which consisted of four applications of fluorine. 12 pupils in the first two grades had their complete dental work done.

Report of dental trailer:

Fluorine treatment — 53 pupils x 4 treatments —	212
Fillings (amalgam)	129
Cleanings	31
Pre-school examinations	4

I wish to thank the Superintendent, the school board and the school staff for their cooperation.

TOWN OF SANDWICH

SUPERINTENDENT'S ANNUAL REPORT

Consolidation of Schools

At the annual meeting in 1948 it was voted to issue bonds in the amount of \$73,600. for the building of a central school in Sandwich. This program seems to be in line with what is being done elsewhere in New Hampshire as many districts have looked forward for several years to the time when it would be possible to build new buildings, and improve the facilities available for our school children. At the present writing, a lot for the new school has been purchased and plans have been made for grading and preparing this land. An architect, Mr. Irving Hersey of Durham, N. H., has been chosen and tentative sketches prepared by him for the approval of the committee. The bonds have been signed and issued and it is expected within a few weeks the detailed plans and specifications will be available to present to contractors for their bids. We are hoping that the building of our new school will not be delayed beyond the time of opening school next September.

Pending the completion of the proposed new building, our school organization this year has been essentially the same as for the previous year, with our 7th and 8th grades established as a junior high group at the Lower Corner School, a two-room school with three grades in each room at Center Sandwich and a one-room school at North Sandwich. We recognize conditions in these buildings are not satisfactory, but are making the best of poor light and antiquated toilet facilities, and looking forward to a thoroughly modern plant next year.

School Marks

One of the commonest complaints that people bring to the superintendent and school board is that their children are not getting good marks, and they often blame the teacher. It would seem that any teacher who is willing to give pupils A's and B's, whether they have earned them or not, is considered by the parent a good teacher. On the other hand, most of us older

persons can remember some one teacher of our own school days who was really a severe marker but who taught us more than many others who were more lenient. The really important question for parents is, Are my children learning and gaining more power? instead of asking, Do they get A's and B's? Some educational writers advocate dispensing with school marks altogether. Perhaps this would be a good thing; but parents seem to expect them and pupils will work hard to get better marks. I do feel strongly that a teacher should not be blamed if a pupil's marks are low. The chances are she is really teaching more than some teachers who take the easy road to give Johnny and Marie an A just because they tried hard, whether they understand the work or not.

Quimby School

While our elementary schools, being supported by public taxation, are under the direct control of the school board, our high school pupils attend the Quimby School which is privately financed and to which the district pays a low rate of tuition. Since the trustees of the Quimby School do not live in Sandwich during the school year, parents and others concerned seldom have the opportunity to bring to them questions regarding the curriculum or administration of the school. During the past year the trustees and school board have had occasional meetings together in the hope that the school and its problems may be brought closer to the people, and in order that the Quimby School may be of the greatest service to Sandwich. I wish to express my appreciation of this cooperative attitude on the part of the trustees and to suggest to parents and others concerned that if they have questions or comments I should be glad to receive them and take up such matters with the trustees when the opportunity offers. The school work in Sandwich should be continuous with no marked break between the 8th and 9th grades.

Respectfully submitted,
ALMON W. BUSHNELL
Superintendent
